

MIT World Peace University Pune, students attends PM Narendra Modiji interactive session on “Examination & Academic Stress Management”

Reported by: Prof. B.N. Jagdale
Pune, Date: 17/02/2018

With reference to the initiatives from UGC and AICTE India, Dr. Vishwanath Karad World Peace University and its constituent institute's students participated in the web casted interaction in MIT College of Engineering Pune. Students attended enthusiastically interaction regarding examination & academic stress. This session is web casted from delhi on **16th February 2018** at 12AM. This program was initiated by Govt. of India MHRD department. MIT institutions regularly participate in UGC and AICTE recommended events. In the past we have participated in Swatch Bharat, Sadbhavana Divas, Good Governance day, Vigilance Day etc. MITCOE organized PM's webcast in five departments named Computer Engg, IT dept., Civil dept., E&TC dept. and Mechanical dept. In all 485 students participated in this interactive session of PM Narendra Modiji.

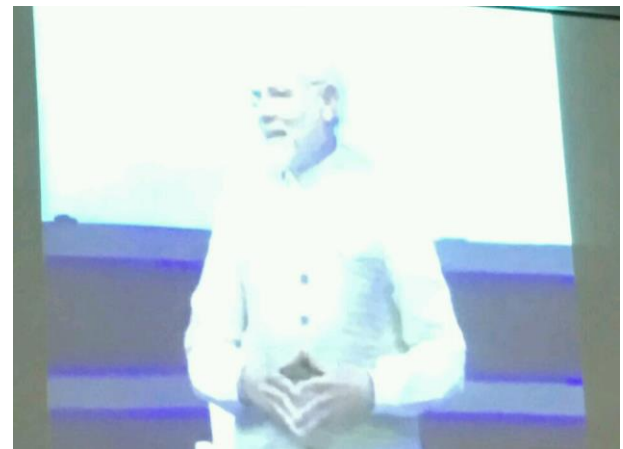

Modiji thrown light on various aspect such as parents pressure, peer pressure, Societal pressure during examinations and academics. Prime minister advised students to compete with yourself and build the self-confidence. He also advised parents to help the students to choose the right and interested path of their carrier and not to force them against their interest. Mr. Prakash Javadekar started his speech by telling how important the students for nation building are. Student enjoyed the interaction and many got motivated for the wisdom shared by PM Modiji.

MIT Campus always witness such awareness events under the blessings of Dr. V. D. Karad Sir. MAEER's executive president Rahul Karad sir, always encourage the students and staff to participate in such a programs and advise the students to get transformed for society benefits.

Group Captain Dipak Apte, Registrar of MITWPU percolated the importance to all MIT institutions and helped institutes to smoothly organize this mass webcast. Director, Dr. R. V. Pujeri encouraged the staff and helped to arrange the resources required for this webcast. Dr. Hiwale, Principal thanked all the staff and students for organizing and participating in this event of mass web cast. Only feedback given by students is about time of webcast, which should be around 10AM in the morning.

1. Department of Information Technology

Considering stressful life, students were conveyed that the dialog and an interaction is very important to deal with odd situations. Students got energized with the idea and participated joyfully. MITCOE is thankful to AICTE and central government for such an initiative.
